The New York County Executive Committee. new fore County assective Committee, occupoed of district leaders, was summoned to Republican headquarters late in the afternoon by Chairman Koenig. Various glans to wreck the Fusion cause are spenly discussed. One is to adjourn to-merrow night's city convention without designating John Purroy Mitchel and other Fusion nominees as

Another plan is to vote down Mitchel's

the party primary ticket.
A third plan is to try to start a stamsede to name District-Attorney Whitmas

for Mayor in place of Mitchel.

The meeting, which will be held in Murray Hill Lycoum, is certain to be tumultuous. The number of votes to be east in 1,15, although full membership of the party committee is more than

District-Attorney Whitman firmly refuses to allow himself to be used as the centre rush to break the Fusion line. He has notified the Republican leaders that he has accepted the nomimation for District-Attorney on the combination ticket and intends to give it his loyal support. The Republican machine must not name him against Mr. Mitchel for Mayor. Despite this in-function the party leaders continued to-day their plotting.

Mayor Gaynor remained away from tewn te-day and his nominating leagues did not get a chance to present him with their petitions and an independent permission for Mayor, as planned. R. Book Applaton, chairman of the organisation, said they had 15,000 names signed to the petitions and were ready to act. They would await the diayor's pleasure. They would await the Mayor's pleasure, however, before approaching him.

Meantime the Mayor is holding his leagues over the head of Tammany as a sword of coercion and waits to hear from "Boas" Murphy who is to get the organisation non-ination.
